

# Specification Sheet

## Short Form Specifications

Dispenses any product on tube stock greater than 1" I.D. Consists of four posts grooved on 1" centers for adjustability, two 14" x 48" wire shelves, eight tube dispensers, one 3-sided channel frame, and two 30"-deep outrigger bases for stability. Stainless or chrome-plated finish.

## Roll Bag Dispensers

### MODELS:

- SSGBD1448C**
- SSGBD1448S**

*roll bag dispenser*

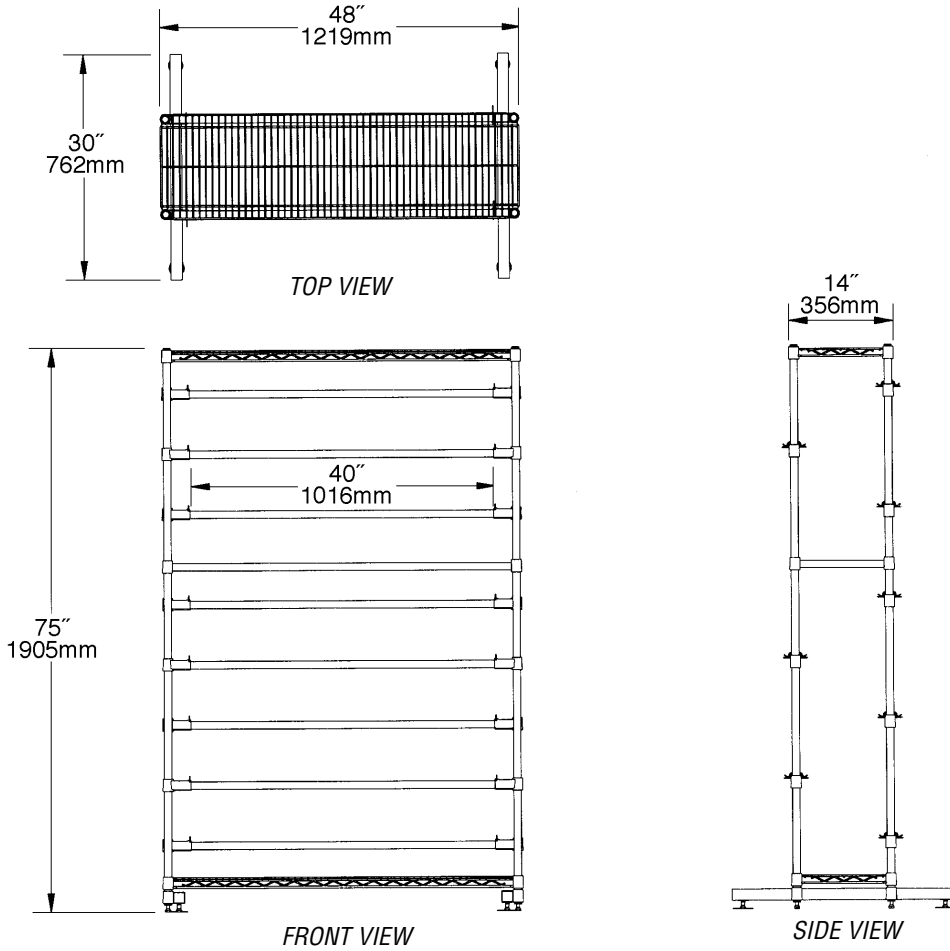

### Design and Construction Features

- Two 14" x 48" (356 x 1219mm) wire shelves.
- Eight removable dispenser bars with 40" (1016mm) length (between collar brackets) to accommodate contents, adjustable on 1" (25mm) increments.
- Four 74" (1880mm) posts with 30" (762mm) outrigger feet—featuring triangular foot plates—for stability.
- One 3-sided channel frame.
- Available in stainless steel or chrome finish.
- Custom sizes and configurations available.

### Applications

- An effective means of dispensing products on rolls or spools.
- An easy way to establish protocol by color of cleanroom waste, avoiding inadvertent mixing of non-compatible items.
- Allows significant inventory to be stored at the point of use.
