

# STORES MEDICATIONS AND INSULIN IN A MEDICAL-GRADE FRIDGE

*Malignant hyperthermia carts are the perfect solution for holding your Dantrolene and other medical supplies while keeping insulin, saline and ice packs cold inside a lab-quality Follett® refrigerator.*

*These carts are offered with two different sizes of refrigerator along with multiple drawer configuration and accessory options. We offer a wide range of accessory options to further equip your MH cart, or purchase one of our Malignant Hyperthermia cart packages featuring our most common accessories.*

## MALIGNANT HYPERTHERMIA CARTS

*Meet AANA and MHAUS recommendations to have the right supplies organized and quickly available. Harloff's MH Carts provide portable storage with easy access.*

*Signs of malignant hyperthermia are often not apparent until anesthesia drugs have already been administered, and this condition can be fatal if not treated promptly. Medication and ice packs are used in the immediate treatment of malignant hyperthermia, so having a dedicated MH cart nearby significantly improves medical response time.*

SSGMH5216B

# MALIGNANT HYPERTHERMIA CARTS

## FOLLETT MEDICAL GRADE REFRIGERATORS

MH carts use Follett® REF1 and REF2 refrigerators. Follett® is known within the medical field for quality & reliability. Features include:

- Stainless steel construction.
- Heavy-duty, quiet compressor and forced air cooling
- Uses non-CFC, environmentally responsible R134a refrigerant
- Cylinder door lock supports JC standard for medication storage
- Field-reversible door
- Epoxy coated wire shelves, adjustable in 1/2" increments
- Exterior LED user-programmable display shows temp, alarms and other data

## SSGMH5200B

Our most popular selling MH cart, the MH5200B combines the perfect balance of cold storage with two drawers of top storage. Comes with the accessories you need to create a fully equipped MH cart.

## SSGMH5216K

Our standard cart features a 1.8 cubic feet Follett® medical-grade refrigerator. This key locking model features a smaller 1.0 cubic feet Follett® refrigerator to offer more top drawer space. Other features include a waste container with mounting brackets, two large chart/document holders and a large wire basket.

## SSGMH5300B

Features three top drawers with a break-away bar for quick access to both room temperature and refrigerated medications, along with accessories.

## SSGMH5100B

Our shortest Malignant Hyperthermia cart has a single top drawer with breakaway bar, ample refrigerated storage, a full complement of accessories and an antimicrobial plastic top.

## SSGMH4300K

For those who don't need accessories or wish to purchase their own accessories separately, this three drawer, key locking cart is the lean version of our MH carts.

# SPECIALLY MADE FOR MAGNETIC RESONANCE IMAGING SUITES

## MRI-SAFE MED CARTS

- Meets American Society for Testing and Materials (ASTM) International, Designation: F2503-05 definition of "MR-Conditional"
- Cabinet painted gloss white with MRI identification sticker applied
- Low-ferrous, ball-bearing, full extension drawer slides
- Low-ferrous 5" sealed ball-bearing casters
- Protective corner bumpers
- Painted aluminum pull-out shelf
- Antimicrobial plastic top with integrated push handles, removable
- Durable, heat sealed powder coat finish

*Our carts are built primarily of non-ferrous aluminum, plastic and stainless steel for safe daily use in highly magnetic environments. We also offer Anesthesia and Emergency packages, multiple drawer configurations and extra MR-Conditional accessories.*

SSGMR7K

# MR-CONDITIONAL CARTS

## SSGMR7K-MAN

### SSGMR6K

One of our best selling MRI carts, this model features six storage drawers, corner bumpers, low-ferrous ball-bearing casters and low-ferrous drawer slides. Like all of our MRI-Safe carts, the MR6K is constructed only from non-magnetic or "weakly magnetic" materials.

### SSGMR6K-MAN

Has all of the same great features of the MR6K but with the addition of side rails, 3-tier back rails and full drawer tray organizers.

These two seven drawer MRI carts include BEST® brand locks on each cabinet with 2 keys, a replaceable plastic top and several accessories ideal for anesthesia procedures. The larger MR7K-MAN includes a pull-out shelf, the narrow version does not.

### SSGMR6B

This six drawer MRI-Safe cart is equipped with a breakaway lock and 100 numbered yellow seals. Each MRI cart is designed for safe use in the strong magnetic fields present in MRI suites, meeting the ASTM designation of "MR-Conditional".

### SSGMR6B-EMG

Has all of the same great features of the MR6B but with the addition of an IV pole, cardiac board, oxygen tank holder, utility hooks and full drawer tray organizers making this ideal for use as an emergency cart.

## SSGMRN7K-MAN

### SSGMRI-SAFE ACCESSORIES

Most MRI-Safe accessories can be located in the Small Cart Accessories document.

# SPECIALIZED CARTS FOR UNIQUE MEDICAL APPLICATIONS

*Most Harloff specialty carts were developed because of customer requests. When a customer requires a specialized solution and they trust in Harloff's unparalleled ability to make custom and unique projects, great things can happen! We are proud to offer these "niche" carts to help fill unique needs in the medical community. Perhaps your idea will become the next specialty cart to help other professionals just like you!*

## SPECIALTY CARTS

*Medical facilities may need specialized equipment to effectively serve within their particular area of patient care, and having a specialty cart or cabinet to assist with this treatment is paramount. Whether you need a cast cart for patients with broken bones, a phlebotomy cart for IV and epidural procedures, a storage cart for your Intra-Ocular lens boxes, a pediatric cart for your children's area or something custom made for another area of specialization, Southwest Solutions Group has you covered.*

SSG6035-TC

# ORTHOPEDIC CAST CARTS

## 6035

This popular 8-drawer cart includes a stainless steel folding side shelf, stainless steel side storage cabinet, swivel tourniquet/pump pole and scissors cable.

## 6025

This version of the 6035 has a cabinet and drawers made of stainless steel rather than heat sealed powder coat steel. Multiple locking options are available.

## ALL CAST CARTS FEATURE:

- Stainless steel bucket holder with vinyl mat
- 24" stainless steel ruler mounted on top of cart

- Aluminum towel bar
- Internal drawer dividers
- Corner bumpers
- 5" ball-bearing casters, all full swivel - one tracking, one with brake
- Ball-bearing full extension drawer slides
- Latex free construction

## SSG6035-TC

Our top selling cast cart, this model is just like the SSG6035 cart but with a top compartment for extra storage.

## SSG6025-TC

This stainless steel cart is just like the SSG6025 cart but with a Sand colored aluminum top compartment for extra storage.

## SSG6030

Designed in conjunction with orthopedic technicians to maximize functionality, our cast carts have one 3-inch drawer with a black vinyl mat, five 3-inch drawers with drawer dividers and two 6-inch drawers with drawer dividers.

This basic cast cart has a bucket holder, towel bar and mounted ruler but does not come with top shelving or a pole.

# INTRACULAR LENS CARTS AND SUTURE CARTS

## SSGMS-IOL840

*This version holds up to 840 IOL boxes and is less than 41" tall.*

*For larger, non-standard sized IOL boxes we build custom cabinets that can meet your exact specs.*

## SSGMS-IOL1260

*Compatible with multiple IntraOcular lens box sizes and brands including Alcon, Bausch and Lomb, Rayner and Abbot Medical Optics, this cart provides mobile storage for up to 1,260 boxes. The six pull-out drawer shelves allow for quick visual scans of the types and powers of each IOL box kept organized with six adjustable dividers per drawer. Industry best 5" quiet rolling Tente® casters improve mobility and lenses are secured with a standard key lock.*

## SSGMS-SUTURE2-K

*This suture cart has clear acrylic doors designed for operating rooms that require secure but visible storage and transport of sutures. It features five adjustable shelves and a bottom pass through compartment which can hold several sizes of trays.*

*Comes with a key lock or an e-lock*

## SSGMS-IOL1680

*This high volume IOL cart is the equivalent size of a full height two column MedStor Max cabinet. It features eight drawers with full extension drawer slides to hold up to 1,680 IOL boxes. This model can come equipped with optional lighting, a dimmable recessed LED that turns on automatically when doors are open. This is a perfect solution for large eye surgery centers that do 30-50 eyes per day.*

## CUSTOM CARTS

Many of the "specialty" carts that carries (IOL carts, phlebotomy carts, etc) were created because of customer requests. No one understands what innovations the medical industry needs better than those who are working daily in patient care. If you have an idea that you want to see materialize into a cart in the field, we can help you. We have a full-time engineering staff that can assist you, and Harloff's manufacturing team gives us an unparalleled ability to do custom and unique projects.
