

## 11 Fine Reasons for the Overhead Security Cart

1. Small equipment, electronics and unusual consumable products are tempting targets for theft but an elaborate security system is not necessary.
2. An excellent choice for long term or short term storage.
3. Inventory is easy to see and count for accurate control.
4. Get inventory out of storage and onto the floor quickly, safely and easily.
5. Carts can be pre-loaded for specific emergencies.
6. When the cart is overhead nothing can get touched, dropped, crushed, damaged, moved, misplaced or tampered with.
7. Every month you are paying for open empty air space that is easy to convert to optimal storage. Your overhead space suddenly becomes very valuable.
8. Roll the Security Cart directly to supply for secure loading.
9. The quick release and smooth rolling wheels, supplies show up where needed quickly and easily.
10. Your aisles and floors stay open and clear.
