

Making Space from Thin Air for **Schools**

There is never enough Storage space. Save money and Lift it Up...

For bulky items like wrestling mats, kayaks, bikes, and athletic equipment, it's likely space was not allocated for accessible storage. Until now.

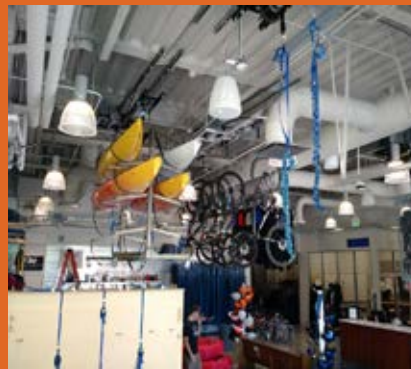

University of Oregon

Overhead Cage storage on their loading dock for off season athletic equipment; branded laundry cart storage inside the athletic facility

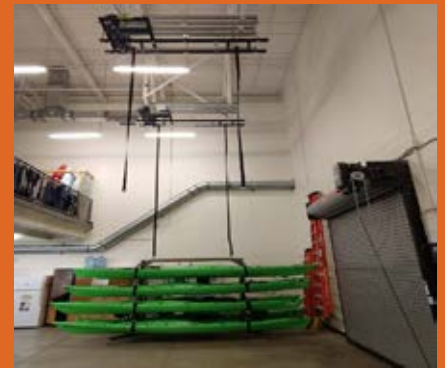

Utah State University

Bike, Boat and Cage storage units overhead. Cages hold everything from track equipment to Archery targets

Kennesaw State University

Boat Lifts to safely store canoes both in and out of season

About Us
