

PROVIDING SOLUTIONS FOR THOSE THAT CARE

WE PROVIDE SOLUTIONS THAT MATTER TO PATIENT CARE

Southwest Solutions offers the latest storage products, including high density storage racks, procedure carts, mobile supply carts, instrument storage and much more. Our team is here to help!

EXPERTS IN KANBAN SYSTEMS

We know how to maximize the many benefits of Kanban. From eliminating wasted medical supplies to helping identify stock levels over time, fewer stockouts and neater organization - those are but a few advantages in converting towards Kanban systems.

EXPERTS IN COLOR-CODED SYSTEMS

Leaning towards a system that uses color-coded labels results in more efficient performance from medical facility staff and better visibility. We know how to maximize your floor space to the absolute fullest.

MEDICAL STORAGE SOLUTIONS FOR YOUR CARE FACILITY

Southwest Solutions serves as a single source for all acute care facilities by providing the right solutions to simplify storage and maximize efficiency.

IS YOUR STORAGE SOLUTION NOT UP TO PAR WITH YOUR GROWTH?

With new facilities and/or units and expansions to healthcare facilities, your ever-growing field needs to stay organized and LEAN in order to run efficiently.

We want to help you give the best care for your patients.

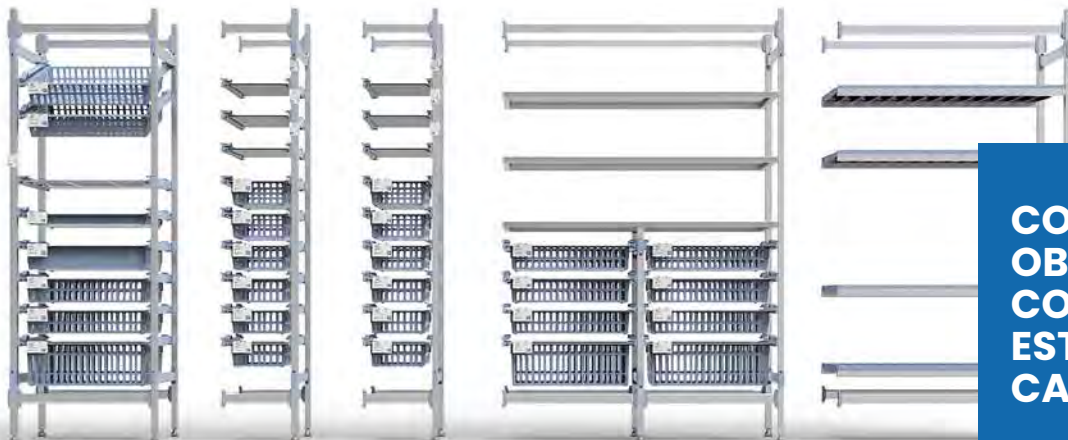

WHAT CAN PROPER STORAGE SOLUTIONS DO?

Not all storage issues are the same & our team knows proper storage can help in many ways.

25% *Average reduction in inventory costs*

25% *Average time and labor gained*

35% *Average reduction in space needed to hold inventory*

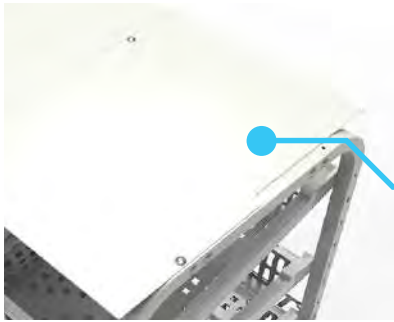

COMPLETELY FREE, NO OBLIGATION CONSULTATIONS, ESTIMATES AND FREE CAD DRAWINGS

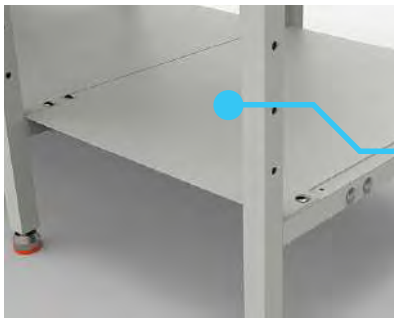

STEEL RACKS

When it comes to your storage solutions, options matter. We believe that having proper space and long-lasting racks and shelving helps with day-to-day tasks of workers.

High Density steel racks are extremely durable and long-lasting. They are designed to withstand the wear and tear of everyday use, which is particularly important in a busy medical environment. Steel racks are also resistant to corrosion and rust, which is crucial for maintaining the integrity of medical supplies.

GOT A SPECIAL PROJECT?

We offer:

- Custom size racks to heights/widths
- Single racks and add-on racks
- Vinyl covers

VINYL COVERS OFFERED

BENEFITS OF STEEL RACKS

- Highly resistant to corrosion that can develop over time
- Fully developed with modularity in mind: compatible with any of Southwest Solutions other products.
- Baskets can be seen from any level/angle, allowing for ease in locating the supplies you need.
- Southwest Solutions racks are designed for dense storage.
- Less room needed to store even more supplies than ever before.
- Unlike aluminum racks, steel racks are galvanized

ALUMINUM RACKS

Aluminum racks are becoming increasingly popular for medical storage due to their durability, strength, and versatility. These racks can be used to store a wide variety of medical supplies, from sterile instruments to medication, and can be easily customized to fit the specific needs of each healthcare facility.

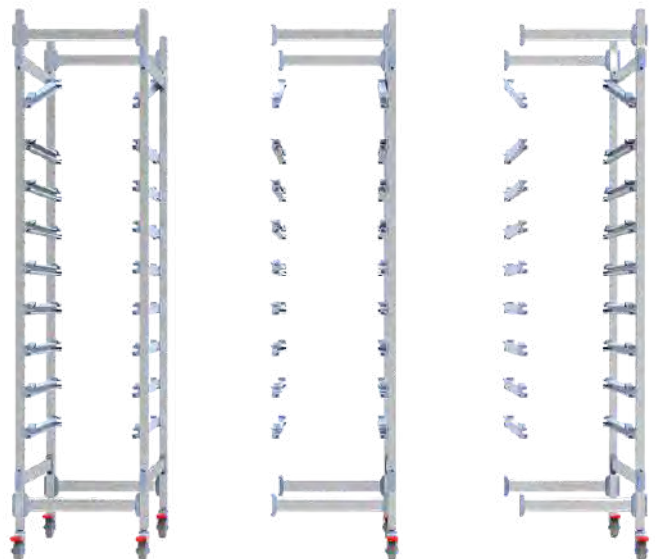

Our team is trained to help you navigate the best options for your facility's space and budget.

Best of all, all racks include 3" casters!

BENEFITS OF ALUMINUM RACKS

- Same benefits of steel racks, but aluminum is better for sterile areas
- Lightweight and easy to transport/move
- Easy to clean
- Avoids build up of rust from cleaning & sanitizing over time
- Highly customizable: multiple frame depths and placement options to choose from

SPD/CSSD STORAGE

NO-WORRY TRANSPORT

- Perfect for Sterile Storage to the OR
- Flexibility in modular design to allow reconfiguration
- JCAHO-friendly design to avoid stacking
- OSHA standard design
- Stainless steel prevents rust, scratches, and unwanted particles

MANY SIZES AND OPTIONS AVAILABLE!

SILICONE PAD

EXTENSION SLIDES ALLOW FULL ACCESS TO CONTAINERS AND FOR PACKS

TRANSPORT TROLLEYS

Storage on wheels needs to be seamless and easy to maneuver. Southwest Solutions Medical's transportation trolleys are designed to boost productivity while on-the-move.

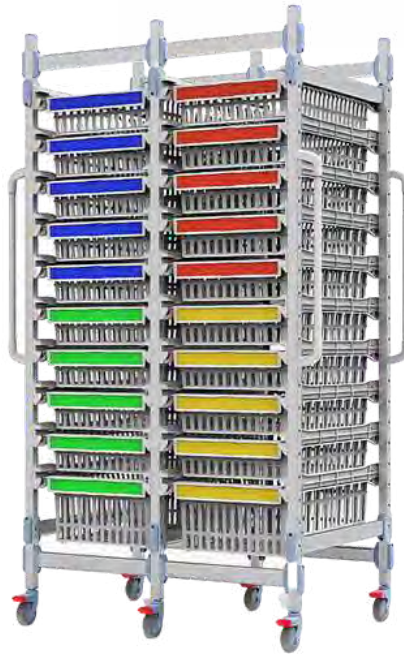

ORGANIZATION ON THE GO

Many configurations available in both "W" & "N" Type Carts.

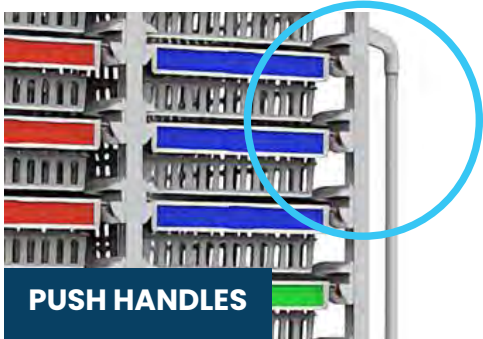

All Carts have 5" Tente Wheels.
