SHUTTER CURTAIN STYLES AND SIZING

EntrexGuard curtain styles are finished in industry leading coatings, and provide options for visibility. Our engineered slats provide enhanced security as well as adding to the visual appeal of your facility.

530 Series

535 Series

560 Series

561 Series

562 Series

SOLID CURTAIN		
Description	560	
The EntrexGuard 560 series solid curtain provides a highly secure barrier as a retail security shutter system. It is strong and durable allowing it to stand up against vandalism and intruders, while not allowing light or air transfer. The 560 series provides optimum security, and still looks amazing due to the smooth and sleek design of the curtain.	Single wall extruded aluminum	

PERFORATED CURTAIN			
Description	561	562	
The perforated curtain is available in both the 561 and the 562 series. The perforated curtain allows light transfer through the shutter curtain as well as optimal air flow. The small perforation option is designed to provide an unobstructed view through the shutter. The large perforation option gives you the look of a 'link and rod' grille door, with the advantage of having minimal moving parts.	Single wall extruded aluminum with small perforations	Single wall extruded aluminum with large perforations	

PATTERNED CURTAIN			
Description	530	535	
The patterned curtain is available using the 530 and 535 series in EntrexGuard. Clear anodized connector rods are used in between each slat. Curtain patterns we offer include clear, brick, straight, and window.	Clear polycarbonate / aluminum with curved design	Clear polycarbonate / aluminum with straight design	

BOTTOM BAR SIZING		
Description	HD Bottom Bar	Bottom Bar Plates
The EntrexGuard system is compatible with the Heavy Duty Bottom Bar (two sizes). When used on the EntrexGuard system, these bottom bars are compatible with our bottom bar plates to cover the ceiling opening.	3 in (75 mm) 4 in (100 mm)	3 in (75 mm) 6 in (150 mm)

GUIDE RAIL SIZING			
Description	64 mm	83 mm	83 mm - AnchorLoc
There are two sizes of guide rails compatible with the EntrexGuard system. AnchorLoc provides the ultimate strength and stability, with end retention securing the curtain to each guide rail.	2.5 in (64 mm)	3.25 in (83 mm)	3.25 in (83 mm)

SHUTTER AND CURTAIN SIZING				
Slat Profiles	Guide Rail Sizes	Bottom Bar Sizes	Maximum Curtain Size	Maximum Curtain Area
