

INFO SHEET

MODULAR DRAWERS AND DOORS

Flexible Organization and Security.

Spacesaver Modular Drawer and Receding Door Systems combine the accessibility and security of filing cabinets with the space efficiency of open shelf filing above chest height to store more materials per square foot of floor space. Double your storage capacity by using Spacesaver Modular Drawer and Door Systems on Spacesaver high-density mobile storage systems.

FEATURES AND BENEFITS

- Complement the aesthetics of any interior environment.
- Modular Drawer and Door Systems make an infinite number of storage solutions possible.
- Sections are available in several heights and widths.
- Receding doors are available in 16 standard sizes.
- Modular storage drawers are available in 32 standard sizes.
- Modular Drawer and Door Systems can be configured to your exact requirements.
- For the security of all stored materials, keyed locks are standard on all drawers and receding doors.

Aesthetics - Receding doors aesthetically maintain security for materials on open shelving. In the full-open position, binders, office supplies or sensitive files are fully accessible with the door receding neatly and completely into the shelving.

Convenience - Combine the security of a lateral file cabinet with the space efficiency and convenience of open shelving, while maintaining aesthetics with our closed file drawer.

Aesthetics

To complement the aesthetics of any interior environment, drawer and door fronts come in a choice of 10 standard Spacesaver powder coat colors. Custom colors also available.

Versatility

Roll-out interior drawers may be configured for top-tab hanging folders or for side-tab folders. Combine the roll-out interior drawers with optional receding doors for added security.

Modularity

Spacesaver Modular Drawer and Door Systems make an infinite number of storage solutions possible. When your needs change, all components (comprised of amazingly few parts) are easily reconfigurable.

Total Flexibility

Select any component today and have the freedom to change, add to, or reconfigure in the future. Sections are available in several heights and widths. Receding doors are available in 16 standard sizes. Modular storage drawers are available in 32 standard sizes. Adjustable in 1-1/2" (38 mm) increments, Modular Drawer and Door Systems can be configured to your exact requirements.

Controlled Access

For the security of all stored materials, keyed locks are standard on all drawers and receding doors. Locks may be keyed alike or different, or no locks, depending on your access requirements.
